OK, I don't have anything that isn't in the PA Beneficial Use folder.

Just talk to Cheryl – She just wants some briefing papers. I'll pull from the PCB directory, but if there is anything that may be missing and not in there, let me know.

Thanks.

Hi Stacie. The only thing I can think of would be the briefing papers we did for John, then Cecil, then eventually Cos. I think they all have some sort of "justification" for enforcement/NON. Maybe Kelly has some stuff that was done prior to my involvement? I think there was some previous work done with John Ruggero that might be helpful to Bethany.

Scott/Kelly – Do we have any type of background document as to why we issued the NONs to Hazelton creek and others? I don't remember having anything like this (we don't do this for any other NON), but Cheryl got a call from Bethany Fisher about this, and I wanted to see if either of you have any recollection of such documents.
